NATIONAL NIEMANN-PICK DISEASE FOUNDATION, INC.

ASMD Community Chat

November 18 Community Chat Recording Available!

Dear ASMD Community Members,

Thank you to everyone who joined us for our recent ASMD community gathering! We hope you found the opportunity to ask questions, share experiences, and hear from our clinical experts helpful and meaningful.

If you weren't able to attend or would like to revisit the conversation, view the "ASMD Community Chat" recording **HERE**.

Support for Local Providers

We encourage patients and caregivers to maintain open communication with their treating healthcare providers as additional information about medication availability and supply management becomes available.

We recognize that some patients may receive care from local providers who have less experience with ASMD. During the forum, our clinical experts offered to connect with local providers to answer questions and provide guidance on the current supply situation, dosing considerations, and appropriate lab monitoring. Please connect them to:

Joshua Baker, DO
jobaker@luriechildrens.org

Melissa Wasserstein, MD
melissa.wasserstein@einsteinmed.edu

Please remember that any treatment or dosing decisions should be made in consultation with your treating healthcare provider, based on your individual circumstances. Patients should not independently adjust their dose or infusion schedule.

Sanofi Patient Support and Enrollment Resources

As patients and families navigate potential treatment interruptions and changes in medication availability, we encourage those in the United States to remain connected with their Sanofi patient support teams.

U.S. Patient and Caregiver Contact Information

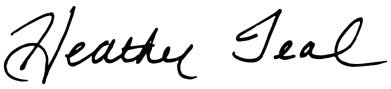
- **Online enrollment: www.careconnectPSS.com**
- **Phone: 1-800-745-4447, option 3**
- **Direct support: Contact your designated Sanofi Patient Education Liaison or Case Manager.**

Stay Connected. Stay Informed.

If you or someone you know in the Niemann-Pick community is not currently receiving NNPDF email communications, please encourage them to **become an NNPDF member** and/or renew their membership to ensure they don't miss important community updates, resources, and announcements.

We encourage anyone with questions or concerns to contact NNPDF. We will continue sharing updates as additional information becomes available.

With appreciation and continued commitment,



Heather Teal, M.Ed.
NNPDF Executive Director
