

Press Release

Edenbridge Pharmaceuticals announces the launch of its miglustat capsules 100mg

Generic version of Zavesca®* capsules being distributed by Orsini Specialty Pharmacy and offered with a co-pay program for eligible patients.

PARSIPPANY, New Jersey – September 21, 2020: Edenbridge Pharmaceuticals, LLC announces the launch of miglustat capsules 100mg. Edenbridge's miglustat capsules 100mg is a generic version of Zavesca® (miglustat capsules 100mg) and is being distributed through Orsini Specialty Pharmacy, a nationwide, independent specialty pharmacy focused on rare diseases and gene therapies. As part of its launch, Edenbridge is offering a co-pay program for eligible patients. "Our launch of miglustat in the U.S. is a significant step for Edenbridge in improving the lives of patients and families with rare diseases" notes Edenbridge's CEO Ryan Collins.

This product launch and U.S. FDA approval follows Edenbridge's 2017 approval by the European Medicines Agency (EMA) of the first generic version of Zavesca®* to receive approval through the centralized procedure for sale in all EMA member states.

About Edenbridge Pharmaceuticals, LLC

Edenbridge Pharmaceuticals, LLC is a specialty pharmaceutical company headquartered in Parsippany, New Jersey focused on identifying, developing, and marketing prescription pharmaceutical products. Our goal is to create a broad portfolio of limited source branded and generic pharmaceutical products that will provide high-quality, affordable, and accessible alternatives in the healthcare market. Our approach is to work with best-in-class and like-minded industry partners to deliver our products to physicians and patients everywhere. More information about Edenbridge can be found at <http://www.edenbridgepharma.com/>.

About Orsini Specialty Pharmacy

Providing patients with comprehensive and compassionate care since 1987, Orsini is a leading independent specialty pharmacy focused on rare diseases and gene therapies. Orsini's high touch care model is centered around experienced, therapy-specific care teams that provide personalized care to patients focused on their specific condition and treatment. The company's comprehensive solutions include medication adherence programs, data analytics, customized manufacturer programs, and nationwide nursing coverage for convenient in-home infusion services. Headquartered in Elk Grove Village, IL, Orsini Specialty Pharmacy holds accreditations with the Accreditation Commission for Health Care (ACHC), The Joint Commission, URAC and NABP, and most recently was awarded ACHC's Distinction in Rare Diseases and Orphan Drugs.
